

Buy a new TX4 in March; get a little bit of Britain

Drivers taking advantage of the March offers for a new TX4 from an LTI dealer could get an unexpected bonus; a fabulous limited edition Union Flag branded radiator grille!

Participating LTI Dealers are offering a small number of new TX4's with an option of a different radiator grille, but drivers must hurry as only some deals are available with the special grille.

Vehicles

"It is a little bit of fun but we think it looks good as well," said Rob Laidler, Sales Director for LTI. "Of course we are proud that we are a British company building a British product but this isn't the beginning of a Buy British Campaign. It's meant to put a smile on people's faces in these gloomy times."

LTI are supporters of the "Never been a better time" campaign that points out the facts to potential buyers that there has never been a better time to grab themselves a great deal. With bank interest rates at the lowest level since the trade began, VAT at 15% and a host of deals to be negotiated in the showroom, drivers really can get the deal of a lifetime.

"LTI and its dealers are tailoring individual deals in each showroom such as free servicing, free fuel or great part exchange prices and now drivers can have a little bit of Britain with their own Union Flag radiator grille," explained Rob.

So drivers wanting to grab themselves a fantastic offer on a TX4 and a limited edition Union Flag radiator grille, should contact their local dealer now or risk missing out on a never to be repeated deal of a lifetime.
